To All My Colleagues In Leadership Positions:

I would like to recommend Judge Tom Webb should your organization desire a speaker who is not only motivational, but educational as well.

NVHS utilized Judge Webb to set the tone for a strategic planning session we had earlier this year. Attending were our hospital Board of Directors, Medical Staff members, and our Department Directors. When we surveyed the attendees, the responses were overwhelmingly positive. I wish we would have had another 2 hours of Judge Webb.

Over the years, I have heard numerous motivational and inspirational speakers. Judge Webb connects with the audience as effectively as the best. His gripping description of his own experiences won't allow you to daydream. His educational pieces are common sense, to the point, and memorable.

I have seen evidence in our staff that his messages will stick, as opposed to many motivational programs that leave you after a week.

I could go on forever, but let me assure you, this has been an experience worth far more than the cost. I heartily recommend Judge Tom Webb to speak to your staff. He can "Walk the Talk."

Sincerely,

Gary Tiller  
Administrator
