Dear Judge Webb,

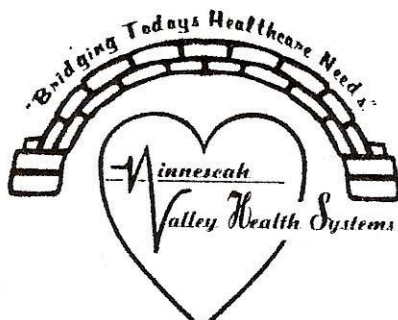

“Thank you” seems like an inadequate expression of our appreciation to you for addressing our Department Directors and Board Members last month. Everyone really enjoyed your presentation, not only for the content, but also for the passion in which it was delivered. Your story inspires, your sincerity impresses, and your humor entertains. Hearing your story – and your philosophy – has made a difference in how we think about ourselves, about each other, and about our mission in healthcare.

Thank you again for giving your time and sharing your life experience with our organization. Keep telling your story. You change lives. You are special!

Sincerely,

Debra J. Weaver  
Chief Financial Officer  
Ninnescah Valley Health Systems, Inc.
