To Whom It May Concern:

After hearing Judge Tom Webb speak at a small Leadership Guymon banquet I was so impressed that I decided to invite him to speak at the annual meeting of Panhandle Telephone Cooperative, Inc. (PTCI) in April 2008. In the past we have had various types of entertainment such as a hypnotist, magician, well-known singers, and televisions personality. We were not sure what the response would be for someone that was "just a speaker".

To say that Judge Webb was well received is an understatement. He kept the audience of mixed ages spell bound for 40 minutes. We heard nothing but positive comments about his presentation which was made to approximately 1700 of our cooperative members. Some even said that this was the best entertainment that PTCI has had. Cooperative member and former Korean War veteran Frank Bugner of Guymon said, "I have heard a lot of speakers in my lifetime but I have never had one to touch my heart like he did."

I can highly recommend Judge Webb because he lives what he talks about. He has a unique way of delivering a dynamic message with a sense of humor that is more than entertaining; it is inspiring.

Respectfully,
