Dear Tom,

I wanted to let you know that your presentation at the *Change the World.....Connect with a Child* Conference held in Nickerson, KS in March, 2002 was wonderfully received by the audience. I am still hearing comments around the community about how powerful your presentation was and what an impact it made on many lives.

Your message in the small breakout sessions "Valuing People" was also viewed in a positive manner as evidenced by several comments on the conference evaluation form I have included.

I just cannot say enough positive things about the time you spent with our community. I know you will be asked to return. There are many more venues in which your message needs to be heard. I would highly recommend this presentation to other communities and audiences.

I look forward to working with you again.

Sincerely,

Lynette S. Lacy
