Rodger Hilton, Principal

Robert Thompson, Counselor

Ron A. Smith, Asst. Principal

Larry Eckert, Counselor

To Whom It May concern:

It is with out hesitation, that I recommend Judge Tom Webb for your next student body assembly. He will share his very personal experiences with extreme poverty at an early age and the motivation that delivered him to his present position as Magistrate Judge. His presentation is packed with the full range emotions that will absolutely captivate your student body, including the most difficult students. He will present his message with great passion, guiding the students to laugh when appropriate and then require them to carefully consider his next serious point. Part of his presentation consists of group activities, which will be met with great enthusiasm.

If you are interested in a message that will impact every single student and one that will end with a standing ovation, schedule Judge Tom Webb for your next student body assembly.

Most Respectfully,

Rodger Hilton
